Before Students Arrive (9:45)

- ☐ Open slides on main screen (week11/lab/slides.qmd)
 - ☐ Check Qualtrics survey is live and QR code works
 - ☐ Set out at each station: ☐ Station 1 (Reflex): Rulers (30cm) ☐ Station 2 (Time Warp): Stopwatch, line cards, strings ☐ Station 3 (Sixth Sense): Coins ☐ Station 4 (Lady Luck): Dice, coins ☐ Station 5 (Frontal Lob): Ping pong balls, basket
 - ☐ Sequence cards ready to hand out
 - ☐ Spare pens and paper for memory test recall
-

Session Flow

10:00 – Welcome & Setup (10 min)

- ☐ Welcome students, explain DataLab purpose
- ☐ Students collect sequence cards (hand out in order!)
- ☐ Students form pairs (same colour on card)
- ☐ Students scan QR and start Part 1 survey
- ☐ Tell them: **“STOP when you reach the Memory Test page”**

10:10 – Memory Test (15 min)

YOUR LAB: 304A – Mozart + Abstract OR 304B – Silence + Concrete

- ☐ Announce: **“Look LEFT”** or **“Look RIGHT”** (split the room)
- ☐ Advance to YOUR lab’s word list slide
- ☐ STUDY phase: Start 30-second timer (on slide) Students memorise their word list silently
- ☐ DISTRACT phase: Advance to maths slide, start 60-second timer Students do maths problems (no calculators!)

☐ RECALL phase: Advance to recall slide, start 90-second timer Students write words on paper — NO looking at screen!

☐ Students enter results in Qualtrics (words recalled, positions, intrusions, strategy)

10:25 — Tasks Begin (80 min)

☐ Announce: **“Check your sequence card, go to your first station”**

☐ Start 15-minute timer for each rotation

☐ Circulate — help with any confusion

☐ Remind students: **“Enter data in Qualtrics before moving!”**

Rotation times: 10:25 → 10:40 → 10:55 → 11:10 → 11:25 → 11:40

11:45 — Wrap-up (15 min)

☐ Announce: **“Return to your seats for Part 2 survey”**

☐ Students complete Part 2 (mood POST, favourites, comments)

☐ Quick debrief — preview Week 12 analysis

☐ Check all Qualtrics submissions complete

Key Reminders

Memory Test:

- 304A = Abstract words + Mozart playing
- 304B = Concrete words + Silence
- Make sure students only look at THEIR list (left or right)

Common Issues:

- Students forgetting to enter data before moving → remind them!
 - Pairs getting separated → keep same-colour pairs together
 - Qualtrics not loading → have backup paper forms ready
